

## KISSING HISTORY TRACED BACK

There is an old fable of the first kiss which leads us to suspect that the pleasing pastime may be of Greek origin. The story goes that a beautiful young shepherdess found an opal on one of the hills of Greece, and wishing to give it to a young shepherd, whose hands were busy with his flock, let him take it from her lips with his own. Thus the kiss was invented and perhaps the popular superstition against the opal may be traced back to this same incident, for osculation has been fraught with great moment in the world's history.

Numerous instances occur in Holy Writ which prove that kissing was a religious ceremonial. Thus we read how men saluted the sun, moon and stars by kissing the hand—a superstition of which Job says he was never guilty, the same honor having been tendered to Baal.

Some of the passages of the Bible where it is mentioned, are replete with softness and tenderness, while others teem with treachery and revenge. Jacob's interview with Rachel at the well, Joseph's reception of his brethren, Moses greeting his father-in-law, Jethro; David's kiss of peace to his erring son, Absalom, and to his friend Jonathan, and the passionate kisses bestowed upon our Savior's feet by the repentant Magdalen, are a few of the former class. Jacob's kiss in which he robbed Esau of his birthright; Job's treacherous salute of Amasa before his murder of the latter, and that dreadful one of the traitor Judas, which has become the type of all treachery, are some of the most remarkable cases in point of the latter category.

The Greeks were in the habit of kissing the lips, hands, knees or feet in salutations, according as they considered the person worthy of more or less respect. In the "Iliad" we see Priam kissing the hands and embracing the knees of Achilles, while he pleads for the body of Hector. Similar instances might be quoted from the Aeneid.

Kissing was an act of religion in ancient Rome. The nearest friend of a dying person performed the rite receiving his soul by a kiss, supposing that it escaped through his lips at the moment of expiration.

Later, in Rome, near relatives were allowed to kiss their female kindred on the mouth, but this was done in order to know whether they smelt of wine, because the Roman ladies, in spite of the prohibition, were sometimes found to have made too free with the juice of the grape.

It is said that kissing was first introduced in England by the royalty. The British monarch Vortigern gave a banquet in honor of his Scandinavian allies, at which Rowena, the beautiful daughter of Hengist, was present. During the proceedings the princess, after pressing a brimming breaker to her lips, saluted the astonished and delighted monarch with a little kiss, after the manner of her people.

The giving or withholding of a kiss by royalty has often been fraught with great consequences, as when in 1169, Henry II, refused to give Becket the kiss of peace—the usual pledge of reconciliation in vogue at that time—it was accepted as fatal and so it subsequently proved.

The most honorable royal kiss on record is that when Queen Margaret of France, in the presence of the whole court, one day imprinted on the lips of the ugliest man in the kingdom, Alain Chartier, whom she found asleep. To those around her she said: "I do not kiss the man, but the mouth that has uttered so many charming things."

## PNEUMONIA CAN BE PREVENTED.

This disease always results from a cold or an attack of the grip and may be prevented by the timely use of Chamberlain's Cough Remedy. This remedy was extensively used during the epidemics of la grippe of the past few years, and not a single case has ever been reported that did not recover or that resulted in pneumonia, which shows it to be a certain preventive of that dangerous disease. ## HOW TO CURE THE GRIP.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip, not one case has ever been reported that did not recover. For sale by Craig & Hocker, druggists.

## Teachers' Association.

The first annual meeting of the 8th Congressional District Teachers' Association will be held at Harrodsburg, April 11th and 12th, next.

Every arrangement is being made to render the meeting a success. A lengthy program has been prepared, and many of the leading educators of the State will be present and participate. The good people of Harrodsburg are sparing no pains in their preparation to entertain the visiting teachers royally. Railroads will sell round-trip tickets at reduced rates.

The prime object of this association is the promotion of the interests of public education in Central Kentucky, and the elevation of the profession of teaching. Wide-awake, energetic, progressive teachers, who are doing something more for the cause than merely reciting and drawing their salaries, will be found at this meeting in great numbers.

There is no other profession that demands such constant progress on the part of those engaged in the profession, as that of teaching. The true teacher should not only seek knowledge, but also skill in imparting knowledge and the ability to develop character. He deals with immortal minds. He should make no mistakes. The great majority of our teachers realize this fact, and the members of no profession make more efforts, more sacrifices to keep up with the progress of the world and to discharge their duties faithfully than do the teachers of all classes of schools. On meager salaries, they spend their vacations in going to teachers' associations, institutes, normal schools, and in the reading circles of their counties and States. They seek opportunities to learn.

It is to be earnestly hoped that the teachers of the 8th Congressional District of Kentucky will not permit the educational interests of this, the banner district of the State, to lag behind in the march of pedagogical thought. Every teacher in the district should feel that he is responsible in a degree for the advancement or the retrogression of our educational system, and should, consequently, begin now to get ready to attend this Harrodsburg meeting. You are earnestly invited in the name of the children of this State, and in the name of the Commonwealth of Kentucky, to be present and to do your part in the interest of this great and suffering cause.

For program or further particulars address any of the following: R. A. Burton, president, Waddy, Ky.; M. O. Winfrey, Sec'y. & Treas., Stanford, Ky.; W. C. Grinstead, chm'n. program com., Danville, Ky.; M. L. Chowning, Transportation Agt., Avenstoike, Ky.

## Expressions of Gratitude to Stanford Ladies.

I wish to say in the columns of your esteemed publication a few words of eulogy of the good ladies of your city. All of them in general and the following in particular: Mrs. Mary B. Craig, Mrs. L. B. Cook, Mrs. R. C. Warren and Miss Nell Warren, who are so kind and faithful and persistent in their efforts to reform the prisoners of the county jail and who, each Sabbath morning conduct Sunday school here and say so many things calculated to point us to heavenward and also furnish us books, papers and periodicals to read for our entertainment and instruction. We regard them as earnest, consistent, christian workers after the order of the women of the New Testament times, who ministered to them in prison, and Jesus said in as much as you did unto us you did it unto him. Their wholesome counsel and kindly sympathy reminds me of friends at home, a thousand miles away. I voice the sentiment of every inmate of the county bastille when I say the effort of the above mentioned ladies is highly appreciated and the gospel seed they are sowing will bear fruit in Eternity and from their work here they will have trophies to submit to Christ when sin and all of its concomitant evils shall disappear before the light of the second coming of Christ. And at this juncture I beg of the good ladies of your city, as many as may be so disposed, to apply to our generous jailer, Mr. W. I. Herrin, who is ever ready and willing to admit you to the sanctum sanctorum and his holiest of holies and introduce you to his prisoners who will spare no pains to entertain you. Please remember me in a kindly spirit of sympathy and our gratitude is guaranteed in advance.

## LA GRIPE QUICKLY CURED.

## Modern Drug Dealing.

The elements that enter into perfect drug service are, we believe, these: Competency, quality, courteousness and a fair profit policy. We endeavor to give all these the fullest expression. While in some things there is legitimate need of varying qualities, in medicinal drugs there is not. We handle one grade only—the highest—yet our prices are apt to be less than inferior are sold for.

# THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

CHICAGO society women have adopted a strictly up-to-date method of making obsolete the wearisome and perfunctory task of making a round of afternoon calls. Formerly they drove from one house to another, ran in and chatted for a few minutes, left a card and rushed off to the next place on the list, there to repeat the performance. That sort of thing is growing beautifully less and the telephone is the responsible blessing. Many women nowadays makes all such calls by phone thus saving a great deal of time and bother. Madam sits down comfortably in her own home and calls up a friend to whom she owes a call. Probably neither has much to say to the other, but they chatter merrily for a few minutes, madam taking care to convey the idea that she is returning the duty call and that she does not now think it necessary to pay the visit in person. The woman at the other end is probably doing the something a minute later, and everybody is well satisfied. The new idea leaves one so much time for more important duties that the innovation is set down as a great idea.

THE Goebel Monument Commission will meet at the Capital Hotel at Frankfort at noon Thursday to select the design and award the contract for the building of a monument or tomb at the grave of the martyred governor in the State Cemetery. The commission has on deposit in a local bank something over \$14,000. This will be supplemented by a contribution from Mr. Arthur Goebel and friends of the honored dead who have postponed, donating to the good cause in order to see how much money was needed. It is hoped that a monument costing at least \$25,000 will be erected in honor of him who gave his life for the cause he so greatly loved.

THE following seems an unwise move to us. While there are many mean Negroes, there are also many good ones and we have long since regarded the colored race as a necessity. A petition is being circulated at Bardwell, asking the white citizens not to employ Negro labor. It is said an effort will be made to relieve the colored people of all the property they possess, and a polite but firm request will be made of them to leave town.

Standard and registered. Sired by Gambetta Wilkes 2:19½, sire of Guineette 2:05, Lottie Loraine 2:05½, Eyelet 2:06½, Dr. Monical 2:09½, and 99 others in the 2:30 list. Second dam, Quickstep by Kentucky Prince, Jr., sire of J. Q. 2:17½, Lemonade 2:27½, and others and dams of 6 in the list. Third dam by Old Joe, sire of the dam of J. Q. 2:17½. Gambetta Wilkes' sons and daughters have over 100 in the 2:30 list. Galton carries the blood of the four leading families—Wilkes, Hambletonian, Mambrino Chief and Seeley's American Star. Galton is a great show horse, as has been tested in the show rings. His colts have been shown three years in succession at Hustonville, Danville, Springfield and other fairs and have won the largest premiums for harness classes over all others. He has proven a great cross on saddle mares as he gives his colts finish, action and step, and they are selling for the highest prices. Galton will serve mares at my stable two miles west of Hustonville, at \$10 TO INSURE A LIVING COLT. Will keep mares on grass at \$2 per month after May 1.

W. M. DODD.

## Dignity Dare.

DESCRIPTION.—Foaled 1895, 15 hands 3½ in. high, weighs, in good flesh, 1,200 pounds; mahogany bay, with black points; a model in form with that wonderful style characteristic of the Chester Dare family so universally acknowledged as superior to all. As a show horse he has made a good record, winning in his class and sweepstakes many blue ties. In his 3-year-old form wore 13 blue ties out of 14 shows thru' Central Kentucky. In harness he is very stylish, well gaited, with pure decided action and shows a clip few saddle horses can show, making him a harness horse of the highest type. Under saddle he is attractive, bold, with best of line action, speedy, separating his gates perfectly, with knee action necessary for an up-to-date sire. His colts, though young, are coming to the front and fast ranking him one of the best of breeders, which class bring sensational prices. His colts are large, rangy, with long, well-set neck, fine backs, broad, flat bone, with great action and best of colors. I respectfully invite you to call and inspect them before booking your mares.

PEDIGREE.—Sired by famous Chester Dare, No. 10, A. S. H. K.; he by Black Squirrel, 58, he by Black Eagle, 74, he by King William, 67, he by Washington Denmark, 64, he by Gaines' Denmark, 61, he by race horse Denmark F. S., he by imported Hedgeford; 1st dam Lizzie by Welchmont, No. 6367, A. S. H. K., he by William Welch, 341, he by Rysdicks Hambletonian, 10, 2d dam by Abdallah Messenger, 3rd dam by Gills' Vermont, 4th dam Thoroughbred. Welchmont's 1st dam Pauline by Almont Forest, 2863.

Will make the season 1902 at Lawn Mere Stock Farm, 2½ miles West of Hustonville, Ky., on Bradfordsville & Hustonville pike, near Carpenter's Station, at \$20 to insure a Living Colt. A small reduction on a club of 5 or more mares. Mares traded or parted with forfeits insurance and money becomes due at time of such transaction. Lein retained upon all colts till season money is paid. Mares from a distance grazed \$2 per month. Grain fed, if desired, at reasonable rates. All bills must be paid before removal of mares. Mares entrusted will receive my personal attention, but will not be responsible for accidents or escapes.

THE ladies of Liberty and Casey county are notified that Mesdames Wilkinson and Kidd have opened a large stock of millinery in the store-room between Wince Wilkinson's and the tin shop at Liberty.

LIBERTY.—THE INTERIOR JOURNAL man hopes to meet many of his old friends and patrons at Liberty, next Monday, first day of circuit court. See him if you want good printing done a little lower than anybody.

OLD HEN.—Mrs. Lee H. Stone lost by death Saturday an old speckled hen that had done good service both as a layer and setter for 16 years. Her hen-ship was considered almost a member of Mr. Stone's family and her taking off is generally regretted.

ANYONE with a common school education can make themselves independent and self-sustaining by taking a course in Suggestive Therapeutics. You can graduate and get a diploma ready to practice suggestion inside of three weeks. Write us for terms and free book.

BIG TOBACCO FIELD.—Mr. C. H. Brawner, who has a good tobacco farm near Jumbo, this county, tells us that he has rented some 40 acres to tobacco men and that he will put in 15 or 20 acres of the weed. Mr. Brawner is an experienced tobacco man and his produce generally brings the top prices. Mr. A. B. Polgrove is one of his renters.

BROUGHT HERE.—Green Alder, aged about 21, was brought to the Stanford jail at noon Sunday by Sheriff J. B. Ellerson and Jailer Frank Perkins, of Whitley. He was held without bail for brutally murdering his wife with an ax near Pleasant View and the officers had to walk him down the railroad track five miles to keep a mob from breaking his neck. The mob, it is said, had gathered at the depot at Williamsburg.

THERE was a general change in the telegraph operators on this division of the L. & N. last week. Chief Train Dispatcher L. M. Westerfield was made master of trains on the C. V. division with headquarters at Middleboro, and is succeeded by J. E. Fishback, of the main line. Mr. C. A. Moore, who has had second trick at Livingston, goes to Louisville to take Dispatcher Fishback's place, while W. W. Wright, day copyist at Livingston, secures Mr. Moore's old position. It is regarded as a promotion for all of the gentlemen. This will likely cause Mr. Westerfield's removal from Stanford which will be generally regretted.

FIVE-DAY FAIR AT CRAB ORCHARD.—There seems to be little or no doubt about Crab Orchard having a fair. Talk of it has been revived and Saturday afternoon Mr. R. H. Bronaugh had placed a good deal of stock in the proposed enterprise. The latter part of July or first of August will likely be the date and five days of show rings, trots, races, etc., are promised. There is a splendid track close to town where exciting races were run in olden times and it is proposed to make racing a feature of the fair; however the show horse will come in for a liberal portion of the money hung up. Crab Orchard has magnificent hotel accommodations, is convenient to both mountains and bluegrass country and there are many reasons where a fair there will prove a most profitable and enjoyable enterprise.

SEE my buggy harness before you buy. J. C. McClary.

New stationery, of latest styles, just received at Craig & Hocker's.

DON'T fail to hear Ralph Bingham tonight—a new program will be presented.

LEFT TOWN.—John Gill, Perry Frazier, Tom Baw and young Smith, four youths, hearing that they were wanted by Marshal Jones, shook the dust of Stanford from their feet Sunday night and have not been seen since.

AT the old fiddlers' contest at Brodhead Saturday night Pount Tyree won, Larkin Hicks came second, Alex Martin third, H. G. Howard fourth and Bob Hicks fifth. A good crowd was present and the Mt. Vernon Brass Band discoursed some sweet music.

I WILL carry passengers to and from McKinney at 50c each way without baggage or 75c with baggage. Any package left at McRoberts' Drug Store will be carefully delivered for a small amount. Sim Raines, Manager Stanford and McKinney Mail Route.

THE prayer services of the women of the "Stanford Missionary Society," auxiliary to the Christian Woman's Board of Missions, from Tuesday until Saturday of last week, were well attended and the good women feel that no little has been accomplished. Miss Adelaide Gail Frost's lectures were highly enjoyable and very entertaining.

HOLMAN.—Mrs. D. C. Holman, who was the pretty Miss Capitola Slaughter, of Crab Orchard, died at Mobile, Ala., Thursday of consumption, aged about 21. She had been married less than a year. The husband started with the remotes to Crab Orchard at once, but was held out by high waters in the South and had not arrived up to yesterday.

BRODHEAD.—There are few towns in the mountains that do more business than Brodhead, Rockcastle's thriftiest little city. Nine stores do a thriving business there, while two hotels, a half dozen or so lumber firms, a large flouring mill and several blacksmith's shops are money making institutions. Mr. J. G. Frith's retirement from the grocery business caused some surprise and no little regret, but clever "Feed" Hamm who bought his interest in the firm of Frith & Dunn, is keeping up the business and proving to the people that he knows how to sell goods. He and Harve Dunn make a strong team and are warm competitors. They also have a store at Hiatt, three miles from town, which is managed by Mr. Conrad Hiatt and which has been a success from the start. J. Thomas Cherry's store is always a busy place and he sells stacks of goods every working day in the year. His stock is probably the largest in town. Adams & Albright, the latter the clever Ed Albright, get their share of the business and are good men to deal with. R. S. Martin is the oldest merchant in town, but he is thoroughly up with the times and knows the general merchandise business as well as he does the handling of tobacco. Woodyard & Hilton are doing so much business that they have found it necessary to build a new store house. Mr. Harry Bilton, who has friends galore in Lincoln, manages the business for this enterprising firm. Herman Frith is young in years but old in business experience and he is one of the popular business men of Brodhead. The two splendid hotels are kept by Robert Collier, an ex-Crab Orchard young man, and J. H. Albright, one of the pioneers of town. They both have the low rate of \$1 per day for \$2 fare. Bruce Hansford, also an East End man, assists Mr. Collier as clerk at his hotel. Both hotel proprietors have livery stables where good rigs can be secured at reasonable rates. Mr. Collier is also an extensive lumber dealer. J. G. Frith & Son are big lumber men and they do an extensive business in logs, lumber, posts, telegraph and telephone poles. Frith & Collier, another firm, has shipped 125 cars of telegraph and telephone poles from Brodhead since Sept. 1. There are now some 30 or 40 cars of various kinds of lumber in the yards ready for shipment. Mr. W. H. Pettus is the efficient depot agent and he is a most accommodating one. His assistant is Mr. J. R. Cass, who has been with the company for years.

NICE assortment of shopping bags; also a nice line of fobs. W. H. Mueller.

ONE and one-fourth shares of stock in the Lincoln County National Bank for sale. This office.

WILL sell millet hay at 35c per 100 pounds for a few weeks to reduce stock. J. H. Baughman & Co.

THE regular meeting of the C. W. B. M. will be held at 2 P. M. in the lecture room of the Christian church Wednesday.

I HAVE decided to quit handling Swift's meats and hereafter sell only the best beefs and hogs to be obtained in this section. R. B. Wilkinson.

T. C. BALL's new peacock blue suit with brass buttons is about the fanciest one we have ever seen. As a dresser "Tommy" is out of sight, any way.

When March goes out, pray let us all remember to remind her. Though like a lion or a lamb, To shut the door behind her.  
—Philadelphia Record.

Love is unequally yoked with sickness. Labor is lightened by love, but love cannot lighten pain or relieve it. Many a man looks on at his wife's suffering willing to do anything to aid her and able to do nothing.  
Sometimes, however, the husband's attention is directed to Dr. Pierce's Favorite Prescription and its remarkable cures of womanly diseases. He may not have much hope of a cure, but he is led to try the medicine, with the result that in almost every case there is a perfect and permanent cure.  
Dr. Pierce's Favorite Prescription cures irregularity. It dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness.  
As a tonic for women who are nervous, sleepless, worn-out and run-down "Favorite Prescription" is unequalled.  
"In answer to your letter I will say, my wife commenced to complain twenty years ago," writes Lewis A. Miller, ex-Chief of Police, of 33 Prospect St., Westport, Pa. "We have tried the skill of twelve different doctors. She took gallons of medicine during the time she was ill, until I wrote to you and you told us what to do. She has taken eight bottles of Dr. Pierce's Favorite Prescription and six of the 'Golden Medical Discovery.' She can do her own work now and can walk around again and is quite smart." "Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.  
Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.
